

CAPABILITY STATEMENT

AVPROPS.COM

Aviation Propellers is a veteran owned small business FAA Part 145 Repair Station in continuous operation since 1970. We provide overhaul, repair, maintenance and aftermarket support for all aircraft propeller manufacturers such as Hartzell, McCauley, MT, Hamilton-Sundstram and Dowty. Our staff has a combined industry experience of over 200 years. We are a factory trained and authorized repair station for propellers and accessories. Our customers include General Aviation, Commercial and Military customers worldwide. We do business in over 40 countries.
